12:10	Lunch and opportunity to view the SNIFFER SEA guidance website
13:00	Close

About the event

IEMA and SNIFFER are holding this joint event, focused on SEA guidance.

SNIFFER is launching its SEA guidance on how to take account of Air, Soil and Water, aimed at practitioners in Northern Ireland and Scotland. Attendees will hear about our approach to the guidance and find out how to access the guidance through the new website.

There will also be the opportunity to hear about the NIEA's revised SEA services and standards, and find out about SEA guidance that is being developed for other topic areas.

Registration

All are welcome to attend the event but places are limited. Please register your attendance by Wednesday 9 September at www.iema.net/regions/nireland. There is no charge for attendance.

For more information, please contact Helen Simcox (helen@sniffer.org.uk) or Lauren Bartles (l.bartles@iema.net).
